AccuPremium® makes it easier than ever to pay your premium

Saving time and maintaining cash flow are priorities for any business owner. At Accident Fund, AccuPremium®, our pay-as-you-go solution for workers' compensation insurance, helps you do both. Available for new business and at renewal to all policyholders, this plan lets us work with your payroll vendor to make premium payment simple, efficient and accurate.

The benefits of AccuPremium® for policyholders include:

- **Better cash flow and expense planning:** You pay premium based on actual payrolls so you can easily project your annual workers' comp premium.
- **Fewer audit surprises:** Using actual instead of estimated payroll data ensures that premium adjustments will be minimal at final audit.
- **No restrictions:** There are no limitations on class codes, policy size or minimums.*
- **Minimal upfront costs:** Just a \$250 annual fee is required.
- **Simple setup with your payroll provider:** Once you're enrolled, our third-party vendor will reach out to you and work with your payroll provider to ensure that the information we need is transmitted to us seamlessly and efficiently.
- **Convenient monthly billing:** No matter how often your payroll is processed – weekly, biweekly, twice a month or monthly – you'll only pay your invoice from us once a month.
- **Pay easily online:** When your invoice is ready to be paid, you'll receive an email alert notifying you it is available to be paid through our online bill pay program. As part of this payment plan, you are required to make payments online. A one-time registration process through the Policyholder website allows you to set up ACH payments at your convenience.**

AccuPremium® – The smart, secure and simple way to pay your premium. Talk to your agent and find out how you can enroll today. Refer to the back of this flier for more information or email us at AccuPremiumQuestions@AccidentFund.com.

Will I still have a final audit?

Yes. We'll conduct a final audit but due to actual payrolls being used throughout the year, rather than an estimated payroll at the beginning of the policy term, the audit impact will be greatly reduced.

What if my payroll vendor fails to report payrolls?

We'll make every attempt to work with you and your payroll vendor to ensure payroll files are submitted timely. In the event the payroll vendor simply cannot submit timely reports, resolution may include moving you from AccuPremium® to a standard pay plan.

If I have a billing question, who do I call?

Do I need a payroll vendor to participate in AccuPremium®?

Yes. At this time, we are only working with contracted payroll vendors, as outlined above. We hope to enable all policyholders to utilize this program through future technological modifications to our interface.

Is there a cost to the policyholder?

Our vendors currently charge a \$250 annual fee for this pay plan. Future fees are subject to change. However, Accident Fund is dedicated to keeping any fees incurred competitive to similar pay-as-you-go programs.

* While there are no class code limitations, policy size restrictions or minimums, at this time we need to limit the number of states and/or locations with class codes to 10 per policy.

** Your company's designated Security Administrator may need to provide you access to our Online Payments functionality.
